

## **Connecting to EBR Community Hotspot**

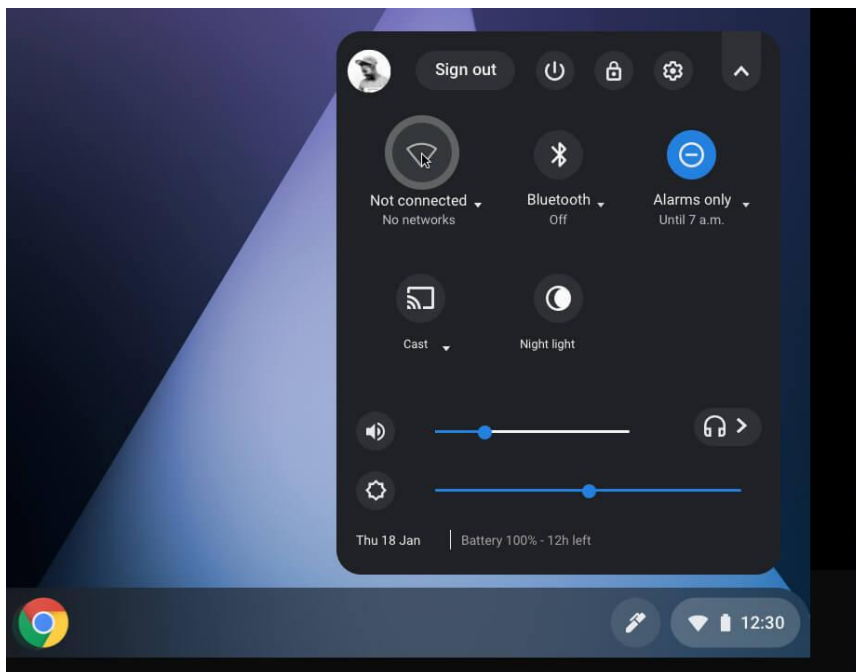

1. For instructions on connecting EBR Chromebooks to the Hotspot, see “How to Connect Chromebooks to EBR Community Hotspot” below.
  
2. For connecting personal devices (cellphones, tablets, and laptops) to the Hotspot, please refer to the user guide manual for your device.
  
3. Verify that the Wi-Fi hotspot network you are connecting to is “**EBR Community Hotspot**”.
  - a. If you do not see “**EBR Community Hotspot**” on the list of available networks, you are too far from the building.
  - b. Other listed Wi-Fi networks besides “EBR Community Hotspot” will not grant access to the internet.
  
4. When prompted for a password, use “**education**”

## How to Connect Chromebooks to EBR Community Hotspot

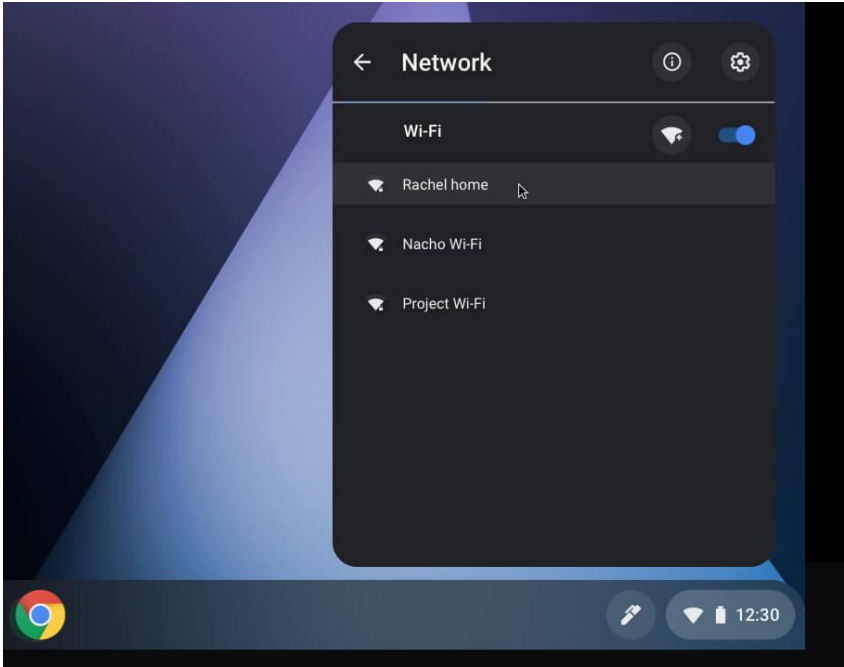

1. Click on the Quick Settings Panel at the bottom right of your screen

2. Click on “no-network”.

3. Select the Wi-Fi Network. Make sure to select **“EBR Community Hotspot”**.

4. After selecting **“EBR Community Hotspot”**, enter the password **“education”**.
