Getting Test Ready 2021: Virtual Student Guide & Checklist

❏ **DRC Device Readiness Check**
- ○ Click **here** to ensure that your device is ready for testing. This will take you to the DRC INSIGHT Device Readiness site.
- ○ Once on the site, click the blue button that says "Run Test" >> [Run Test]
- ○ You should see "Passed" next to each test result. If you do not see "Passed", contact your school for next steps.
- ○ Type in this URL if the hyperlink above does not work: **bit.ly/drcready**

❏ **Updating Chromebook**
- ○ Completely shut down your Chromebook every night until testing to ensure your chromebook is receiving the proper updates. Closing the chromebook will **NOT** completely shut it down.
- ○ Hold down the power button on the Chromebook to completely shut down the device

- ○ You can also go to the Chromebook menu to shut down the device.

Online Tools Training

- Online Testing Tools are the tech enhanced tools provided within the LEAP 2025 assessment platform that students can use. Examples include:
    - Measurement tools
    - Highlighter
    - Magnifier
    - Sticky Note
    - Equation builder
- It is recommended that all 5th - 12th grade students complete this **Nearpod Lesson** to become familiar with the DRC Online Testing Tools.
